

EXPANDING OUR MISSION

“Building an Oasis in the Desert”

Who We Are

En Gedi Grove is a non-profit located in a low-income neighborhood in Kansas City, KS. We've been providing an oasis of God's love for those in need since 2012.

Our Calling

Our calling to share God's love looks like many different things. Some of the primary ways we do this are offering food, haircuts, short-term shelter for those in crisis, as well as long-term housing for those who want to get well and grow in their relationship with Jesus while living on mission. We also have a young-adult disciple-making ministry called “Roots”.

Our Need

We currently have 15+ folks on our waiting list who are interested in moving in to En Gedi and being discipled, but our building is currently at maximum capacity. In order to expand our ability to raise up more disciples to send into the harvest, we need more space. **As of right now, we have raised over \$200k to put towards buying another discipleship house.**

An Opportunity

Some ministry friends, who live literally one minute away, have offered to sell us their house (pictured above). Our dream would be to use it as a men's shelter / discipleship home, which would then allow us to use our current home as a women's shelter / discipleship home. **They are asking \$325k**, which is well below the market value but well above our ability to afford.

We are asking that you would consider praying about partnering with us financially and in prayer. Any money donated would be tax-deductible and go directly toward this dream and the lives that will be eternally impacted by it. If you're feeling led to partner with us, please let us know and reach out with any questions. THANK YOU!!!

The House

**7 Bed & 5 Bath
4 Living Rooms
1 Minute Away
2 Kitchens
1.3 Acres
Fully Remodeled
Move-in-Ready**

The Dream

**Men's Home
24/7 Discipleship
Crisis Housing
